About Me

Full Stack Developer with expertise in MERN stack (MogoDB,Express.js,React.js,Node.js) and responsive UI design using Tailwind CSS. Passionate about building secure, scalable, and user-friendly applications while delivering clean and maintainable code

Experience

Full Stack Developer Intern

Kodu by Dhurina - April 2024 - May 2025

- Developed responsive front-end components using React.js and Tailwind CSS
- Integrated backend Apis with Node.js and MongoDB.
- Worked on authentication, image upload, and booking forms.
- Gained 1 year of hands- on coding experience in full Stack Development using the MERN stack.
- Designed and integrated secure REST APIs with Node.js and MongoDB for smooth backend operations.
- Implemented JWT authentication, image upload with Multer, and dynamic booking forms for real- world client projects.
- Collaborated with the development team to debug, improve performance, and enhance UI/UX based on feedback.
- Wrote clean, reusable, and maintainable code following industry best practices.
- Used Git & GitHub for version control and collaborative development.
- Conducted testing and debugging to ensure error-free deployment.
- Worked on multiple modules simultaneously while meeting project deadlines.
- Learned and applied agile development practices for efficient teamwork.
- Checked website design on different browsers and devices to ensure compatibility.
- Added new features and pages based on user requirements.
- Organized and maintained product, user, and order data in the database.
- Participated in team meetings to discuss progress and share ideas.
- learned and applied new tools and technologies for better development
